

Family Tree Activity

(This activity is from the Meewasin Valley Interpretive Centre Educational Kit)

Learning Objectives:

- To discover aspects of one's own family history – e.g. where ancestors were born, what they did, etc.
- To convey that we are all a part of history

Materials:

- Family Tree Student Activity Sheet (in the Online Kit)

Method:

- Photocopy the family tree worksheet for students.
- Ask the to work on the sheet with parents and grandparents
- Good sources of information are from family bibles, old diaries, letters, scrapbooks, baby records, and photo albums.
- Have students share their discoveries and some articles they may have “uncovered” while learning about their history.
